

POLICE FORCE,  
(DETECTIVE BRANCH.)

Shanghai Municipal Council.

June 8th 1916.

Sir,  
All the Chinese newspapers with the exception of the organs of the Kuo Ming Tang party, are printed to-day in red, which is a sign that they welcome the new regime and intend to support Li Yuan Hung. It appears the Kuo Ming Tang 革命黨 papers are withholding their support until they see how Li deals with the monarchicæal plotters.

The Ningpo and Shaoshing Guild in Shanghai have issued circulars requesting all residents to hoist flags on 8th, 9th, and 10th instants in honour of the new President.

It is reported that there is a slight feeling of unrest among the troops in Woosung.

It is reported that General Yang has received a telegram from the Central Government requesting him to watch the movements of Liang Shih Yi, who has fled from Peking.

Your Obedient Servant,

*William A. ...*

Chief Detective Inspector.

*Entered on ... June 8.*  
Captain Superintendent of Police.
